SUMMARY

A dedicated Computer Science undergraduate at FAST NUCES Islamabad, I have honed my programming skills through my education at **the National University of Computer and Emerging Sciences**. Actively pursuing opportunities to apply and expand my expertise, I have undertaken various projects, from small-scale applications to Full Stack Database Management Systems. Also, serving as Media Head at **Nascon'25** helps me to keep my education, hobbies, and work life in balance.

WORK EXPERIENCE

Full Stack Developer at Finova

June 2025 - Present

- Worked on multiple large-scale, real-world projects, including an AI-powered expert system for a restaurant chain with real-time data monitoring.
- Developed and integrated **RESTful APIs** ensuring secure and efficient front-end and back-end communication.
- Utilized **Redux Toolkit** for caching short-term data such as wishlists and dynamic state updates.
- Added user authentication, authorization, and protected routes for secure access control.
- Designed and implemented a **Learning Management System (LMS)** for the Pakistan Telecom Foundation, featuring CRM functionalities, student record management, and scheduling modules.
- Created fully responsive and modern UI/UX layouts aligned with organizational branding.
- Contributed to both **frontend (React.js)** and **backend (Node.js, Express)** development for seamless full-stack performance.

Freelancing Projects

Aug 2024 – Present

- Worked on multiple client-based web projects, delivering responsive, scalable, and visually appealing websites.
- Integrated and managed **real-time data** using RESTful APIs for dynamic content updates.
- Utilized **WebSockets** to develop a real-time chat application supporting instant messaging and live user interactions.
- Focused on performance optimization, clean UI design, and efficient state management across various projects.
- Collaborated directly with clients to gather requirements, provide technical consultation, and deliver tailored solutions.

UI/UX at Codsoft

Mar 2023 - Aug 2023

- Collaborated with a team of 4+ senior developers and designers to deliver visually appealing, fully responsive web interfaces that improved user engagement by 30
- Gained practical experience in **HTML, CSS, JavaScript**, and foundational backend technologies.
- Assisted in converting **Figma UI/UX designs** into interactive and pixel-perfect web pages.
- Implemented basic form validations and improved accessibility and responsiveness across browsers.
- Participated in UI/UX reviews to enhance user engagement and interface usability.

PORTFOLIO

- **Hotel Management SaaS (Pilot Phase)**

[View website](#)

Built a comprehensive cloud-based solution for a chain of restaurants, integrating modules for POS, staff management, inventory tracking, restaurant management, and customer analytics. Developed as a scalable SaaS platform with real-time synchronization across multiple branches.

Tech Stack: React, Node.js, Express, PostgreSQL, MongoDB, Render

- **Khaddi E-Commerce Platform**

[View on GitHub](#)

Led the development of a full-featured online retail platform for Khaddi, including product browsing, cart management, and secure payment integration. Designed a responsive interface with real-time inventory and order tracking.

Tech Stack: HTML, CSS, JavaScript, MongoDB, Redux Toolkit, Node.js

- **Pharmacy Management System**

[View on GitHub](#)

Designed and pilot-tested a pharmacy management system to handle inventory, finances, and resource analytics. Automated workflows and reduced manual processing by integrating real-time stock tracking and sales insight dashboards.

Tech Stack: React, Node.js, MongoDB, Express

- **Real Assist SaaS Website**

[View website](#)

Developed a professional SaaS website for ABS Developers to streamline project and developer management processes. Focused on user engagement, accessibility, and dynamic animations with modern design standards.

Tech Stack: React.js, Tailwind CSS

EDUCATION

2022 - present Bachelor's in Computer Science at **FAST Nukes Islamabad**
2020 - 2022 Intermediate Federal Board at **Hamza APS and Collage**
2018 - 2020 Matric Federal Board at **SLS Montessori and High School**

SKILLS

Frontend Development:	React.js, React Query, Material UI, Tailwind CSS, WebSockets, RESTful APIs, Responsive Design
Backend Development:	Node.js, Express.js, MongoDB, PostgreSQL, REST API Integration
Programming Languages:	JavaScript , TypeScript, C++, C, C#
Database Management:	MongoDB, PostgreSQL, SQL Server Management Studio (SSMS)
Version Control & Tools:	Git, GitHub, Visual Studio Code
Soft Skills:	Problem Solving, Team Collaboration, Communication, Time Management, Agile Development
Freelancing Expertise:	Custom Web Applications, API Integrations, Client Requirement Analysis
